WEB DEVELOPER

I'm a motivated aspiring web developer with a strong foundation in HTML, CSS, and JavaScript, seeking an internship to gain hands-on experience. I'm eager to learn modern frameworks and contribute to real-world projects. Passionate about building user-friendly and responsive websites, I'm committed to continuous growth. Looking forward to collaborating with a dynamic team and enhancing my development skills.

EXPERIENCE

Corvit Networks, Pakistan

Feb 2026 - May 2026

Full Stack Web Development, Lahore

Build and Deploy Real world Projects.

Focused on web development fundamentals and building full-stack applications to support ML project deployments

Nexskill Trainings (Arfa Software Technology Park), Pakistan

Oct 2025 - Apr 2026

Full Stack AI (Course), Lahore

Covered end-to-end AI workflows, model deployment basics, and hands-on projects using common ML libraries

CORE COMPETENCIES

Top Skills HTML5, CSS3, JavaScript, ReactJS, Node.js, Express

Side Hustle Python

Deep Learning Frameworks TensorFlow, Keras

Data Tools Pandas, NumPy, Matplotlib, Seaborn

Programming JavaScript, Python

Interests Applied machine learning, Deep learning research, Data visualization

Languages Urdu, English

PROJECTS

Full Stack Web Projects , Lahore, Pakistan, [Link](#)

Feb 2026 - May 2026

- Development of end-to-end web applications using front-end technologies (HTML, CSS, JavaScript, React) and back-end tools (Node.js, Express, databases), including API integration and deployment.

Heart Disease Prediction Analysis , Lahore, Punjab , Pakistan, [Link](#)

Feb 2026 - Present

- Problem statement: Predict presence of heart disease using a public clinical dataset (UCI Heart Disease / similar) to identify high-risk patients and support early intervention.
- Approach and tools: Performed data cleaning and feature engineering, handled missing values and categorical encoding, built and compared models including logistic regression, random forest, and XGBoost using scikit-learn and XGBoost; used pandas, NumPy, and matplotlib/seaborn for analysis and visualization.

EDUCATION

Government Graduate College of Science (affiliated with University of the Punjab), Lahore, Punjab, Pakistan,

Bachelor of Science in Computer Science (BSc Computer Science), Dec 2022 - Present

- Relevant coursework: Data Structures & Algorithms; Database Systems; Machine Learning; Artificial Intelligence; Statistics for Computer Science; Software Engineering

Rabia Busri Government College, Walton Road Lahore Cantt., Lahore, Punjab, Pakistan, ICS in Computer Science , (GPA: A), Oct 2020 - May 2022

Orion International High School, Walton Road lahore Cantt, Lahore, Punjab, Pakistan, Science in Biology , (GPA: A), Feb 2019 - May 2020
